Wednesday, May 11, 2011 - GIS Workshop

8:00	Cartographic Design, Output, and Publication HANDS-ON	Image Processing and Interpretation HANDS-ON	Programming HANDS-ON	Elevation Data Interpretation	Analysis and Modeling	Hydrography Applications
8:15						
8:30						
8:45						
9:00						
9:15	Cartographic Design, Output, and Publication HANDS-ON	Data Integration HANDS-ON	System Design SEMINAR	Elevation Data Interpretation	USGS Science Strategy	Hydrography Applications
9:30						
9:45						
10:00						
10:15						
10:30	Cartographic Design, Output, and Publication HANDS-ON	Data Integration HANDS-ON	System Design SEMINAR	Elevation Data Interpretation	USGS Science Strategy	Hydrography Applications
10:45						
11:00						
11:15						
11:30						
11:45	Cartographic Design, Output, and Publication HANDS-ON	Data Integration HANDS-ON	System Design SEMINAR	Elevation Data Interpretation	USGS Science Strategy	Hydrography Applications
12:00						
12:15						
12:30						
12:45						
13:00	Cartographic Design, Output, and Publication HANDS-ON	Data Integration HANDS-ON	System Design SEMINAR	Elevation Data Interpretation	USGS Science Strategy	Hydrography Applications
13:15						

Break and networking

Lunch

20:00

	Denver Marriott West Hotel					
8:00	Register, gather, and network					
8:15						
8:30	Plenary					
8:45	Kevin Gallagher, Host					
9:00	Speakers:					
9:15	Mark DeMulder					
9:30	Current Status of The National Map and a Vision for the Future					
9:45	Deanna Archuleta					
10:00	Importance of The National Map in Conducting the Department of the Interior's (DOI) Complex Mission					
10:15	Fred Reuss					
10:30	The Question, 'What is a Map?' is More Relevant than Ever					
10:45						
11:00	Break and networking					
11:15	Panel: Surface Water Mapping Systems – NHD/NHDPlus/WBD /NED	Panel: Federal Imagery Partnerships - Status and Plans	Panel: Elevation	Panel: National Transportation Developments	Panel: Reaching out to <i>The National Map's</i> Communities of Users	Panel: Homeland Infrastructure, Situational Awareness and Readiness
11:30						
11:45						

12:00	Lunch and networking						TNM Doctor Office	Products and Services Feedback
12:15								
12:30								
12:45								
13:00								
13:15							BGN-Domestic Name Committee	
13:30	NHD 1	TNM Data Themes-Names	TNM Partnerships 1	TNM Research	TNM and Emergency Ops	TNM Data Themes-Elevation		
13:45								
14:00								
14:15								
14:30								
14:45								
15:00	Break and networking							
15:15								
15:30	NHD 2	TNM Data Themes	TNM Partnerships 2	TNM Research	TNM and Emergency Ops	TNM Data Themes-Elevation	Listening Session-1	
15:45								
16:00								
16:15								
16:30								
16:45								
17:00								
17:15	Break and networking							
17:30								
17:45	Henry Gannett Award Presentation-Marcia McNutt, Deanna Archuleta, Mark DeMulder							
18:00								
18:15	Post Award Ceremony-Meet the Author and Plenary Speakers-Food and Drink							
18:30								
18:45								
19:00								

Friday, May 13, 2011 - The National Map Users Conference

8:00
8:15
8:30
8:45
9:00
9:15

9:45
10:00
10:15
10:30
10:45
11:00
11:15
11:30
11:45
12:00
12:15
12:30
12:45
13:00
13:15
13:30
13:45

Plenary

Mark DeMulder, Host

Speakers:

Joel Scheraga

Geospatial Information Benefit the Understanding of Climate Change Problems

Larry Sugarbaker

The National Enhanced Elevation Assessment, Preliminary Findings

Barbara Bittenfield

Multiple Representations of Geospatial Data: A Cartographic Search for the Holy Grail?

Break and networking

Data Integration

NHD 1

TNM and other Data
1

TNM Applications 1

TNM Applications 2

Why The National
Map?

TNM and other Data
3

TNM Doctor
Office

Lunch and networking

Products and
Services Feedback

TNM Partnerships 3

TNM Data Themes-
Elevation

TNM and other Data
